

1. **Carbon** is a very important element in biology. What are some of the reasons that organisms need **carbon**?

A blue cartoon character with a large head and small body, wearing black sunglasses and a black jacket. The character is smiling and pointing its right hand towards the left side of the page.A green, blocky character with large black-rimmed glasses and a small, downward-curving mouth, indicating sadness. The character is wearing a green shirt with a large black letter 'N' on it. The character is positioned in the bottom left corner of the page, looking towards the right. The background consists of several horizontal lines, suggesting a notebook or a writing area.

The diagram illustrates the Carbon Cycle. It features four 'Carbon Reservoir' labels arranged in a circle, connected by curved arrows indicating a clockwise flow. In the center of the cycle is a stylized icon of an atom, consisting of a blue nucleus with a '+' sign and four blue electrons orbiting in two shells.

Reservoir

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There is a small dark circular mark at the top right corner, possibly from a binder or staple. The paper appears to be part of a notebook or a set of loose-leaf papers.
